2014 TRB Annual Meeting
Call for ABC Papers – AFF10(3)

The Transportation Research Board (TRB) 93rd Annual Meeting will be held in Washington, D.C. at the Washington Marriott Wardman Park Omni Shoreham, and Washington Hilton hotels. The information-packed program will attract more than 11,000 transportation professionals from around the world to Washington, D.C., January 12-16, 2014.

The TRB Annual Meeting program covers all transportation modes, with more than 4,000 presentations in nearly 750 sessions and workshops addressing topics of interest to all attendees—policy makers, administrators, practitioners, researchers, and representatives of government, industry, and academic institutions.

The spotlight theme for the 2014 TRB Annual Meeting is Celebrating Our Legacy, Anticipating Our Future. This theme reflects the move of the Annual Meeting from the Connecticut Avenue hotels, where it has been for nearly 60 years, to the Walter E. Washington Convention Center in 2015. Numerous sessions and workshops will be included in the program in recognition of this historic milestone.

TRB standing committees have issued calls for papers for the TRB 93rd Annual Meeting. While papers addressing any relevant aspect of transportation research will be considered, some committees are soliciting papers in specific subject areas to help potential authors identify topics for their papers.

This site is OPEN for submission of papers for presentation at the TRB Annual Meeting and/or publication in the Transportation Research Record: Journal of the Transportation Research Board.
